**FOR IMMEDIATE RELEASE:**

March 20, 2025

**Trademark Industries Inc. Reinforces Commitment to Fire Safety with Markham Fire Department, BMO, and a 10,000 Hat Donation**

**Markham, ON:**

Trademark Industries Inc. was honored to welcome firefighters and the Fire Chief from Markham Fire and Emergency Services today for a special visit. During their time at our facility, they presented Mr. Shlomo Bohbot with an award recognizing his generosity and ongoing charitable contributions that benefit both the fire department and the wider community.

BMO executives were also present to witness the significant impact of Mr. Bohbot's support. His philanthropic efforts have played a vital role in funding programs that enhance fire safety education, assist community outreach initiatives, and provide essential resources to those in need.

As part of its continued commitment to community engagement, Trademark Industries Inc. remains dedicated to supporting fire safety awareness and public education initiatives. Today, we proudly donated 10,000 children's firefighter hats to Markham Fire and Emergency Services to help promote fire safety education and support young community members. This contribution builds on last year's efforts and reinforces our dedication to making a positive impact.

Trademark Industries Inc. values its relationship with Markham Fire and Emergency Services and looks forward to continuing efforts to foster a safer and more informed community. By supporting key programs and initiatives, the company aims to make a lasting difference in the lives of local residents.
